

Geography

Pupil Voice

March 2023

What is geography?

Geography is where we learn about transport around the world and countries (Year 2)

Geography is where we learn about places and what is going on in the world. (Year 5)

Geography is when we learn about countries around the world . (Year 1)

Geography is where we learn about maps. (EIB1)

Geography is a subject which you learn about the environment, the world and all the biomes. (Year 6)

Geography is where we learn about the world and about things like volcanoes and mountains. (Year 4)

Geography is all about different parts of the world. (EIB2)

Geography is a lesson to learn about countries all around the world maps. (Year 3)

At the moment we are learning about Australia and we know all about the Great Barrier Reef and Ayers rock .
We have learnt about the seven continents too. (Year 2)

We have learnt that a volcano is an opening in the earth's crust that allows magma and gases to escape.
(Year 4)

We looked at lots of maps and made a map of our classroom. (EIB1)

What have you learnt about in your geography lessons so far this year ?

We have been learning about climate change and how the weather changes in different areas. (Year 5)

We have learnt about rivers in the UK and capital cities and all about Bidston. (Year 3)

We have learnt about the four countries of the UK and we have drawn our own maps of the playground and the classroom. (Year 1)

We have learnt about the rainforests. (EIB2)

We have learnt about South America and the populations, landmarks and countries and learned about all the biomes (Year 6)

Do you like learning about geography in school and why?

Yes, I like looking at different maps. (EIB1)

I love it! You get to learn about how things work and about different places. (Year 2)

Yes because it is just fun and we get to learn about Spain and volcanoes and earthquakes. (Year 4)

Yes because I get to learn about the different flags and you get to learn alot about places.(Year 3)

I like it because it is fun to look at different maps and make our own maps. (Year 1)

Yes because it is very interesting. (EIB2)

Yes because geography gives you opportunities to learn more about different countries and languages. It improves our vocabulary.(Year 6)

Yes because it helps me know what is happening around the world and where places are.(Year 5)

Do you think geography is important ?

Yes so we know about the area where we live.
(Year 1)

Yes because you learn about not to do things to damage the ocean.
(Year 2)

Yes because it can help you to know everything what is happening and where places are around the world. (Year 5)

Yes because we can learn how things are the same or different to where we live and we can learn lots of facts about countries.
(Year 4)

Yes because we can explore the world if we learn about geography. (Year 6)

Yes so we know about places in the world.
(EIB2)

Yes so we know about places we could go on holiday and how we can get there (Year 3)

We learnt about where our school is and where we live (Year 2)

We found out all about volcanoes and that lava is molten rock (Year 5)

We learnt about the equator and Europe. (Year 4)

We learnt about Australia and the 4 countries in the UK (Year 3)

We learnt about the rainforest (EIB2)

What did you learn last year in geography ?

We learnt about North America and the biomes which are Savannah, temperate, deciduous forest, rainforest and tundra.(Year 6)

We learnt about our school (Year 1 & EIB 1)

Because the teacher asks me questions and I know the answers and can talk about what I have learnt (Year 2)

Because I can answer more questions and explain things that I have learnt (Year 5)

I can answer questions right in the memory challenge and I know about different countries and can find them on a map (Year 4)

I know I'm getting better because I know more and the teacher tells me I'm doing well (Year 3)

Because I know more and can answer questions.(EIB2)

When I get more questions right and the teacher will write in my book to tell me. I can use more vocabulary that I didn't know before. (Year 6)

My teacher tells me when I have done well. (Year 1 & EIB 1)

How do you know you are making progress in geography ?
